

Empire is adding value in a whole new way with Automated Print Solutions (APS). APS is an online ordering system that is available to all of Empire's customers repeat parts. APS holds all of your digital resources in one place, allowing customers to get pricing, place orders, and view files such as art, proofs, and blueprints. APS streamlines the ordering process and gives you control over your assets.

To access your account information contact your Account Manager.

When logging into your APS account, you will see your account information and a list of your parts. **(Fig. A)**

When you click on a part number **(Fig. A)** you are able to view all of the files available for that part. **(Fig. B)**

You then have the ability to enter a quantity, view prices, and submit an order. **(Fig. C)**
